God and His Storeis book series

Sold in 3 languages!

Without a doubt storytelling is the most effective way of conveying religious concepts and messages to children. It is in the format and framework of such an art that the writer of fables can effectively convey such messages to their readers. "God and His Stories" has utilized this concept to teach unity to children. This book consists of 30 stories. The introduction of each story covers a subject about God and thus the story is about the same subject, too. In these 30 stories three issues are discussed: the proof of God's existence, God's qualities (the attributes of God) and living in compliance with God's law. The author, who is an expert in Islamic Studies and a specialist in child and young adults' literature, is teaching the concepts and principles of unity in the form of stories in this collection of books in simplified and eloquent texts. Spectacular illustration by a famous artist contribute to better familiarize

the children to the intended concepts. While reading this collection of books children learn concepts such as signs of God's existence, a way of proving the existence of God, and the value of getting acquainted with God. Hence they will strengthen their faith in God consciously. The books are singly offered in paperback version, however the hardcover is offered only in a set. The set contains 6 volumes each, with 5 stories in each volume.
